## Equilibrium

*Bruce W. Maki*

Cardinal killed  
on the picket fence  
of the 1960's.

a BB through the brain  
from children who made war.

I cried for a God  
who abandoned the dead cardinal  
lying lost from little boy eyes.

Worthy windows, these eyes  
in which the future  
can be told  
in the breathless search  
for any angle of repose.

## Meditating the Death of Chaos

*C.F. Costanza*

Wondering if there are numbers  
on the pages of disorder,  
titles to chapters of my discontent.  
The longest nights have longer hours  
and I offer submission  
to the Warlord of Dreams.

Escape.

Escape.

There must be a way.
